

***Research Sponsors Following the Federal Public Health Service (PHS)  
Conflict of Interest (COI) Policy***

---

These federal agencies and other organizations utilize the Public Health Service (PHS) financial conflict of interest (FCOI) regulations as their COI policy. This list may help you in determining outside interest disclosure and COI management requirements when one of these agencies sponsors your research, either directly or via subcontract.

**Note:** This list is meant **ONLY** as a guideline. It is the applicant's responsibility to review the FOA for any sponsor for COI requirements.
