

## Research Strategic Plan Oversight Committee

The Research Strategic Plan Oversight Committee was convened in April 2017. It is comprised of Research Deans/Leaders across the OUHSC colleges, Directors of Centers, and Principal Investigators of large grants (e.g., P20s, P30s). The role for the Committee is to oversee the Research Strategic Plan (RSP) to include (1) assisting with determination of priorities; (2) identifying and overseeing working groups that will be necessary to facilitate execution; and (3) evaluating and adapting RSP as appropriate. Furthermore, the formation of the Committee will provide a platform for communication among research deans and research leaders to breakdown silos.

Member	Title	Role
James Tomasek, PhD	Vice President for Research, OUHSC	Chair
Darrin Akins, PhD	Associate Dean for Research, College of Medicine	Member
Robert Anderson, MD, PhD	Professor of Ophthalmology and Cell Biology & Director of Research, Dean McGee Eye Institute	Member
